ABOUT ME

Creative and detail-oriented WordPress Developer with over 6 years of experience delivering custom websites, themes, and plugins. Currently working with Enine Arts LLC (USA) as a Senior WordPress Developer, specialising in Elementor and Divi-based builds, performance optimisation, and client-ready solutions. Strong skills in PHP, JavaScript, and visual builders, with a proven ability to lead web projects from concept to deployment in a remote, international setting.

WORK EXPERIENCE

Senior WordPress Developer / Full Stack Developer

2024 – Present

Enine Arts LLC — Remote, USA

- Lead WordPress development managing multiple client sites with Elementor and Divi
- Built and maintained custom plugins and advanced theme features
- Developed modern, responsive UIs using React, Tailwind CSS, and Redux
- Collaborated with UI/UX designers to transform wireframes into high-performance interfaces
- Increased user engagement by implementing smooth animations with GSAP and Framer Motion
- Optimised frontend performance via lazy loading, code splitting, and asset minification
- Integrated third-party APIs; ensured cross-browser and mobile compatibility
- Managed performance tuning, security updates, and client-specific customisations

Frontend Developer

2022 – 2024

Vicode Technology (Pvt) Ltd — Sri Lanka

- Developed dynamic user interfaces using React, Tailwind CSS, and Redux
- Worked closely with designers to create engaging, animated UIs
- Improved app speed with lazy loading, code splitting, and performance optimisation techniques
- Collaborated on pixel-perfect implementation of UI/UX wireframes

WordPress Developer

2020 – 2022

AP Constract (Pvt) Ltd — Sri Lanka

- Developed and maintained WordPress websites for business and eCommerce use
- Integrated WooCommerce and payment gateways for online stores
- Handled site updates, backups, SEO optimisation, and plugin compatibility
- Customised themes and plugins to meet client-specific requirements

KEY PROJECTS

Astrology AI App — Full-featured astrology web app with AI integration for predictive insights — user profiles, zodiac analysis, personalised reports, and daily horoscopes powered by natural language models.

100+ WordPress eCommerce Sites — Delivered over 100 WooCommerce-powered eCommerce websites for diverse clients, including custom theme/plugin development, payment integration, and performance tuning.
